

SOUTHBANK PLACE

SPECIAL EDITION | MARCH 2018

Inside this issue: Sutton Walk Works | Key Facts | What you need to know

Welcome to this special edition of the Southbank Place Newsletter.

Utility works have started which will impact on access through the area and in this edition we will give you all the key facts you need to know.

WHAT'S HAPPENING?

As part of the ongoing process to connect Southbank Place to Bankside Power station, it is necessary to lay power cables through Sutton Walk, along Concert Hall Approach and turning left into Belvedere Road.

Sutton Walk seen from Concert Hall Approach

There will be slight reduced passageway through Sutton Walk throughout the duration of the works, and you may find it slightly more congested during the rush hour.

However, we will be making sure safe pedestrian passage is maintained at all times and signs are in place instructing cyclists to dismount.

HOW LONG WILL THIS TAKE?

ARE YOU GOING TO BE WORKING LATE?

Works have begun on 12th March 2018 and will finish on 30th March 2018. Operational hours for this work will be Mon-Fri 08:00-18:00.

WHAT ABOUT BUSINESSES IN SUTTON WALK, WILL I STILL BE ABLE TO ACCESS THEM?

Access to business units will be maintained at all times and we will be working closely with them to make sure business continues as usual.

Any businesses requiring removals or large deliveries are encouraged to get in touch so we can work with you to avoid any unnecessary inconvenience.

WHAT ARE YOU DOING TO MINIMISE NOISE AND DUST?

It will be necessary to conduct some excavation, but we aim to create minimal noise and dust.

Acoustic screens will be placed around the area of works to reduce any noise and we will be monitoring dust levels.

Should trigger levels be reached, we will have works ceased until the issue is resolved. The works will also be monitored on a daily basis by site managers.

WHO DO I CONTACT IF THERE IS A PROBLEM?

Source Design Services and Power On Connections have dedicated contacts should you have any issues:

Padraic Gavin

Power On Connections Construction Supervisor
07747 772032

Martin Cullen

Source Design Services
Project Based Utility Manager
07795 377224

Michael Mee

Source Design Services
Senior Construction Manager
07500 098724

For all other site enquiries contact points remain as usual:-

Glyn Hibbert

Neighbourhood Liaison Manager
T: 020 7537 5555
E: glyn.hibbert@cwcontractors.com

Alan Lovett

Senior Logistics Manager
